3. As we were ~~leaving building~~, I introduced myself to interpreter as American Ambassador and said I wished to greet the Charge. Interpreter replied: "I don't know. You must wait." Meanwhile, Charge, who had looked back and undoubtedly recognized me, kept on going. I left building with interpreter and, standing on steps, made following statement to him: "I was recently in Washington and saw President Nixon. He told me he would like to have serious, concrete talks with Chinese." Interpreter, who listened attentively but without expression, said in reply: "Good. I will report that." Interpreter then walked on to join Charge who was headed toward his car.

4. Chinese and I left Palace ahead of others attending Yugoslav show. No other diplomats were outside during our

3. ~~XXXXXXXXXXXXXXXXXXXXXXXXXXXX~~ Chinese Charge will probably be present at reception evening December 4 on occasion of national day of Finland. However, I do not propose to approach Charge then and I would doubt that he would have had opportunity to receive reaction from Peking to my approach by that time.
